

Maast Application Detail: Application Menu

Last Modified on 08/03/2022 1:43 pm PDT

Go to **Applications**, select an application, and view the **Application Detail**.

The **Application Menu**, denoted by an action menu icon, is located across from the Business DBA on the upper right-hand side of the application detail. The options in the **Application Menu** may vary throughout the application process.

Action	Description
Watch Settings	Receive email notifications when the application reaches specific points in the application process.
Collect Clickthrough	This option emails the application to the selected Business Owner or Control Person. The owner or control person can fill out the application, perform a clickthrough application signature, or add application documents. <i>Note: After an initial clickthrough agreement is collected, you can send additional clickthrough emails to other people. They can view the application, but they cannot add or change a clickthrough agreement.</i>
Validate Application	Performs a quick check of the application and shows you which fields still need information.
Submit Application	Send the completed application to our Underwriting Team for review. <i>Note: "Submit Application" is hidden until the application is complete.</i>
Withdraw Application	Before submission, you can withdraw the application if needed. Withdrawn applications are hidden from the Applications list.
